

UPDATE / CHANGE REQUEST FORM – Patterns of Care (POC) Data

This form can be used to request updates for Patterns of Care (POC) data for a previously approved application and/or to request approval for changes to an approved application. Please complete the following form and send it electronically to the NCI POC Scientific Contact (Dr. Michael Halpern, michael.halpern@nih.gov). If you are requesting new / additional data, please instead download the current Patterns of Care DUA at <https://healthcaredelivery.cancer.gov/poc/>.

Please be aware that the release of POC data is project specific. You may only access these data to work on the project ***as it was described*** in the approved application. Also, all data must be stored as described in the data storage and protection section of the approved application. Responding YES to #3 and/or #4 on the form below will allow you to provide the details to request approval for any changes / additions you would like to make to your approved application or data storage. Any change must be approved ***before*** you can proceed. Please be aware that the reviewers can decide that the requested change to the project description should be submitted as a new application. In that case you will need to complete the application form and submit it with all the required documentation to proceed. The review team's decision is final.

Please include a copy of the original signed POC proposal and DUA with your request form.

UPDATE / CHANGE REQUEST FORM – Patterns of Care data

1. PI name:

2. Title of previously approved project:

3. Research questions and methodology

Would you like to make changes to the project description of your approved application?
This includes any request for a file not previously approved for release.

___ yes ___ no

If yes, please describe the changes:

4. Data Storage

Do you need to make changes to the data storage and protection set up that was described in your approved application?

___ yes ___ no

If yes, please describe the changes:

5. Data Files Requested: Please indicate the POC data files you currently have and list the additional years of data requested.

If you are requesting any file that was not originally released to you, please be sure to answer #3 as YES and provide the details of why you need the file and how it will be used in your analyses.

Name of file	Years	
	currently have	Years requested
